Memo No. 122/154/SR-4/63/V-III Dated: 14/3/2013

Subject:

Issue of Demand Notice in case of HT/EHT

consumers/applicants.

In Clause 11.4 of Conditions of Supply, a provision has been made vide CC No. 10/2013 dated 5/2/13 that validity period of demand notice fixed as six months in case of HT/EHT consumers shall be deemed to have been extended till completion of works by PSPCL, mentioned in the Demand Notice. Also in that case, PSPCL shall give 30 days notice after completion of works to the applicant to submit test report or get the demand notice extended upto the admissible period.

To apprise the above provision to the concerned consumers/applicants, field offices are requested to incorporate the following Para in the demand notices to be issued to all HT/EHT consumers in which condition is there that connection will be released only after completion of works by the PSPCL that relate to release of connection/additoral load/demand.

"In case the work of PSPCL, mentioned in this demand notice, takes more than six months to complete i.e. more than the original validity period of this demand notice, the validity period of this demand notice will be automatically treated as extended till the completion of work by the PSPCL. After completion of work by the PSPCL, a 30 days notice will be given to you to submit test report or get validity period of your demand notice extended upto the admissible period i.e upto a maximum period of 1 year from the date of issue of original demand notice. If expiry date of 30 days notice period fall after one year from the date of issue of original demand notice or 30 days notice is issued after one year from the date of issue of original demand notice, then you have to submit your test report within this 30 days period and your demand notice will not be extended further."

Field offices are also requested to indicate the expected date of completion of such works by the PSPCL in the feasibility clearances/demand notices to be issued to HT/EHT consumers/applicants.

Further, as directed by the Hon'ble PSERC, Dy.CE/SE/Ds concerned, in case of HT consumers and CE/TS, in case of EHT consumers will upload the information regarding expected completion schedule of works which relate to release of connection/additional load/demand to the prospective/existing HT/EHT consumers on the PSPCL website and update it atleast once a week. Other formalities like provision of software for uploading and updation of completion schedule on the PSPCL website, format in which this information is to be uploaded etc are being looked into/finalized by the distribution organization and will be circulated by them to all the field offices shortly.

	Meticulous	compliance	of the	above	instructions	by	εII	the	field
offices may p							1
