Sub:- Clarification in respect of grant of Promotional/  
Devised Promotional Scale.

- 0 -

Please refer to this office order No. 197/Fin/ 4.2.6  
PRC-1988, office order No. 198/Fin/PRC-1988 both dated 23.4.90 X  
and office order No. 201/PRC/Fin-1988 dated 3.5.90, regarding CP. 20  
the grant of Promotional/Devised Promotional scales. Certain  
points have been raised for clarification in respect of grant of promotional/  
Devised Promotional scales, the procedure for which was laid  
down in the office order dated 23.4.90. The matter has been  
considered in detail and the following clarifications are given  
to the various points:-

<u>Points</u>	<u>Clarification</u>
1. How many promotional increments are to be granted in case of any official who has availed the benefit of 8/10 years proficiency step up. Whether the provision of para-8 of Office Order No. 138 dt. 5.1.1989 applies.	As per para-8 of O/O No. 139 dt. 5.1.89, the employees who will be placed in the time bound promotional/devised promotional scale on completion of 9/16 years service will get only one increment on their placement to first promotional scale. The benefit of second proficiency step up increments on completion of 10 years service will not be admissible to the employees after placement in the second promotional scale.

|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2.    | Whether after promotional scale, one is entitled for proficiency step-up because the post remains the same.                                                                                                         | The employees placed in second promotional scale on completion of 16 years service are not eligible for second proficiency step-up.                                                                                                                   |
| 3.    | What would be the effect of stoppage of increments with or without effect for computing regular service.                                                                                                            | There would be no effect of stoppage of increment (with or without effect) for computing 9/16 years regular service. However, the competent authority would consider work and conduct and other record while granting promotional scales.             |
| 4.    | Whether promotion without any financial benefit is to be counted as promotion. Somewhere in 1955-56, a promotion of Oiler & Cleaner to the post of ALM was without any benefit. There might be some other post too. | The benefit of time bound promotional/devised promotional scale will become available to the employee on completion of 9 (Nine) years regular service on a post. Accordingly the service rendered on one post is only to be considered.               |
| 5.    | How intervening period falling between reversion and re-promotion is to be treated for the purpose of regular service.                                                                                              | The period falling between reversion/re-promotion is to be treated on lower post as if he has been continuing on the same post before promotion.                                                                                                      |
| 6.    | What will be effect if an employee foregoes a promotion.                                                                                                                                                            | The employee who foregoes his promotion will not be entitled for promotional/devised promotional scale on completion of 9/16 years service.                                                                                                           |
| 7.    | Whether extra ordinary leave on medical grounds without wages and countable towards increment will effect the regular service.                                                                                      | The period of extra-ordinary leave on medical grounds only without pay (where the original seniority of the employee not disturbed) will count towards regular service on the grant of promotional/devised promotional scales the employee concerned. |
| 8.    | Whether the post of LM-II & Linesman-I is to be treated as one post on the analogy of post of AE/AEE.                                                                                                               | The post of Linesman Gr. II and Linesman Gr. I is to be treated as one post as the post of Linesman Gr. II is merged and designated as Linesman.                                                                                                      |
| 9.    | Whether the period treated as 'DIES NON' will postpone the benefit of promotional scale.                                                                                                                            | The matter is under consideration.
