I am directed to address you on the subject noted\(^{10}\) above and to say that from time to time instructions\(^{29}\) have been issued by the Government, as noted in the\(^{30}\) margin, stressing upon punctuality in attendance at the place of\(^{60}\) duty by Government employees. It was also emphasized that\(^{50}\) punctuality in attendance is an essential feature of good conduct\(^{60}\) and discipline. In addition to it, the senior officers\(^{70}\) were directed to reach in time at the place of\(^{80}\) their duties to set an example to their subordinates.\(^{90}\) The follow-up action of the instructions has not been adequate\(^{100}\) and complaints are received about running away from the offices\(^{110}\). You are, therefore, required to take adequate and effective\(^{120}\) steps immediately to curb the habit of absenting from office,\(^{130}\) of coming late to offices, and leaving the place of\(^{140}\) duty without permission or early. To ensure punctuality and\(^{150}\) regular attendance in the office, strict administrative measures should be\(^{160}\) taken by conducting regular and periodic checks through all responsible\(^{170}\) officers of the Department and taking prompt and\(^{180}\) salutary action against the habitual defaulters. It has also been decided\(^{190}\) that apart from maintaining discipline through the officers of the\(^{200}\)
A Corporation employee transferred to Foreign Service may not without the sanction of the competent authority, accept a pension or gratuity from his foreign employer in respect of such service.

When any Corporation employee whose services are lent on foreign service conditions retires from Corporation service, without at the same time, retiring from the service of his foreign employer, the Chief Accounts Officer shall communicate to the foreign employer through the usual authorities a statement showing the date of retirement. The amount of pension drawn from the Corporation so as to give the foreign employer the opportunity, if he is so inclined, of revising the existing terms of employment.

The employee on foreign services out of India, if he so chooses, may accept gratuity from the foreign Government but the service rendered by him with that Government shall not qualify for pension under the Punjab State Power Corporation. The gratuity so accepted shall be credited into the General Provident Fund or the contributory Provident Fund account, as the case may be, of the employee concerned. While a Corporation employee is in foreign service, contribution towards the cost of his pension shall be paid to Corporation.
I am directed to say that a perusal of the lists of suspended Government servants received in response to Punjab Government letter has revealed that the number of Government servants under suspension is very large and that many of them have been under suspension for a long time. Government feel that this state of affairs requires to be remedied with speed. I have been directed to ask you to seek that all pending cases of this nature in your department are disposed of within three months as far as possible. If there are cases in which departmental enquiries have not yet started these should be started forthwith. Where they have begun enquiry officers should be instructed to complete them expeditiously. In order to ensure that satisfactory progress is made by the departments concerned it has been decided that each department should submit a quarterly report showing the progress made in such cases to the Administrative Department concerned. The Anti-corruption Department will separately be supplied information asked for by them in their letter. It will be the responsibility of the Administrative Department concerned to scrutinize the quarterly reports and to bring to the notice of the Minister incharge of the department cases which are not registering sufficient progress. It is noticed that a major cause of undue long period of suspension is that official is very often suspended before the charge sheet is served on him and is not served within one month.

Contd... p/2
It has been observed that for some time past the number of suspended employees of the Corporation is on the increase and in majority of such cases the allegations against the employees concerned even do not justify a minor punishment. According to general principles to be observed in such cases suspension should not ordinarily be ordered unless the allegations made against the official concerned are of a serious nature and on the basis of the evidence available there is a prime facie case for his dismissal or removal or there is reason to believe that his continuance in service is likely to cause embarrassment or hamper the investigation of the case. In other cases, it should suffice if steps are taken to transfer the person concerned to another place to ensure that he has no opportunity to interfere with the witnesses or to tamper with the evidence against him. Since the suspension of employees on flimsy grounds results into financial loss to the Corporation besides causing undue harassment to the concerned employees it has been desired by the Corporation that the various competent authorities should be very careful in dealing with the recommendations of suspension which are received from the various quarters. It should be ensured that suspension of Corporation employees should be resorted to only when the likely punishment is dismissal or removal from service and when there is likelihood that the official and officers if retained on those posts are likely to destroy the
